

LEAVING A LEGACY

Program Description

Overview:

Ben Zander, Conductor for the Boston Philharmonic Orchestra says, "Throw yourself into your life like a pebble into a pond and notice the ripples." Each of us are pebbles, leaving behind ripples that touch the lives of the people we care about most, at work and at home.

In order to leave a lasting legacy, you have to determine why you're here and what is most important to you. This inspiring keynote will help you explore the traits you and legacy leavers possess: attitude and confidence, determination and persistence, and big dreams. Let's explore what your lasting legacy will be!

Length: Keynote: 45-90 Minutes
