

# STRATEGY BASED DECISION MAKING

## *Program Description*

### Overview:

We all make decisions on a daily basis, some trivial, some important, and some that will likely have profound effects on our lives. Effective decision makers are not lucky; they know how to go about making the choices that they have to make. They cultivate certain skills and habits that help them to make better decisions in the long run, and do so more quickly with less effort. Come to this program to learn a process to help you make better decisions!

### Objectives:

In “Strategy Based Decision Making,” participants should be able to:

- Describe the 7 steps to strategy based decision making.
- Understand how to use this process for real world decisions and even for quick decisions.
- Complete a case study activity using the 7 steps effectively.

Length:      Workshop: 3-5 Hours
